

SECOND IOWA NOW IN CAMP

Three Trains Carrying the Regiment to Camp Cody, Make Stop in El Paso.

Deming, N. M., Aug. 21.—The second Iowa Infantry regiment, Col. Robert H. Bailey commanding, from Des Moines and vicinity, made the second state contingent of size to reach Camp Cody, when three trains carrying that outfit, detached here "Thursday" night, left for the station to welcome the commander.

There was only one company from the second here. A company, from Mason City, Capt. John W. Gorman, but troop A, Iowa cavalry, from Maroon, Capt. Byron Goldsworthy and battery B, Iowa artillery, from Des Moines, Capt. Harry Ward, had been on duty for the past two weeks. The regiment stopped in El Paso a short time Thursday afternoon.

Next expected is the third Minnesota Infantry, Col. Rex commanding, which left that state Monday. Here it will take in company H from El Paso and company K from St. Peter, of the second Minnesota, which have been orphan units for a couple of weeks.

ARMY DESERTERS REPORTED IN JULY HERE TOTAL 14

There were 14 reported deserters from military units located at El Paso during July, according to a report received by the United States marshal's office here. None of the alleged deserters bear German names. There were several hundred deserters reported from other army camps during the past several months.

CAMP BOWIE TO GET 3000 DAILY

Movement of Texans and Oklahomans for Training Begins First of Week.

Fort Worth, Tex., Aug. 21.—Texans and Oklahomans troops ordered to Camp Bowie for training will begin to arrive here at the rate of 3000 a day for the first of next week. The regimental station has been completed and as soon as the postoffice building gets its fixtures it will be ready for occupancy.

Thursday the first Oklahoma Infantry arrived. Motor truck company C, en route from San Antonio to Oklahoma, stopped over in camp. It had 22 trucks and about 100 men. The six companies forming the unit train to go with the "Rainbow" division are ready to travel.

Capt. Pyle of the aviation corps, who has arrived from Washington, will supervise the construction of the three aviation camps between Fort Worth and Dallas. J. W. Thompson is the contractor. About 15,000 sq. ft. will be built in the construction, it is said, and 3000 men employed.

The local Young Women's Christian association, with the approval of the U. S. J. C. will build a hall next to the Camp Bowie postoffice, for a social center for women and men. A candidate to clear Fort Worth of vice is in process.

SPANISH SPEAKING OFFICERS TO COMMAND NATIVE TROOPS

San Antonio, Tex., Aug. 21.—Secretary of war Baker has approved of the project of a Spanish American regiment, but a telegram from adjutant general James B. Hays and Col. J. W. Williams, who are in Washington, D. C., indicates that there may be Spanish speaking officers, it being the intention to loan the most capable Spanish speaking officers from the United States army to command the native troops.

A telegram to Governor Lindsay also indicates that the federal government will pay the \$15,000 still coming to the national guard men before being federalized.

FOUR COMPANIES GO ON SUNDAY

Companies A and B, First Texas, Hospital and Sanitary Units Leaving.

Orders have been received by the commanding officers of the four units of the First Texas Infantry company in El Paso to embark Saturday night for Camp Bowie, Fort Worth, Texas. The four companies will travel on a special train, leaving very early Sunday morning. They will bivouac at the G. H. Stanton street station Saturday night.

The units that are still here are field hospital company No. 2, Maj. T. J. McManis, company A, Capt. James E. Collier, company B, Capt. Richard F. Morgan, and the regimental sanitary detachment, Maj. E. L. Terrell, which is camped with the field hospital company.

There was much rejoicing among the men Thursday evening when they learned that orders to move had been received. They are all anxious to get to the training camp where the other Texas units comprising the division are mobilizing. The El Pasoans hope to soon see service overseas.

The units will be joined at Abilene Sunday evening by C company of the First Infantry and A Sweetwater of the supply company organized at Lubbock. All the local units have packed their gear and are ready to enter the camp at a moment's notice. Railroad equipment has arrived.

Beligians at Train.

Mother's class, sweethearts, sisters and other relatives and friends of El Paso soldiers will be at the train to bid the boys "bon voyage." It will be the last time that most of them will see the boys until after the war. For after their training at Camp Bowie, they will probably sail for "somewhere in France" with the units of the Texas division.

El Paso soldiers of the First Texas Infantry, Capt. W. W. Williams, is already at Camp Bowie. He is accompanied by his wife and two children. Capt. Walter Jenkins, probably will be transferred from San Antonio to Fort Worth. The company has been ordered to leave for many months and for a time was stationed at the El Paso Barracks.

Clearing a Company's Debt.

The chamber of commerce is assisting Capt. Collier in clearing the indebtedness of company A. This unit was organized in July and it has cost more than \$2000. Capt. Collier stated to keep the men and to pay for the recruiting campaign. State militia regulations did not provide for funds needed to pay this indebtedness.

Capt. Collier said, "It is an aid to say that only the kindness of the chamber of commerce and our company will save for the training camp without any indebtedness hanging over it."

SAN ANTONIO HAS A RUMOR CAMP CODY TO BE ABANDONED

San Antonio, Texas, Aug. 21.—Rumors circulated here to the effect that the war department would seek another location for Camp Cody, under construction at Deming, N. M., and beginning to be occupied by state troops from Mexico, New Mexico, Arizona and the Dakotas, brought the report from Col. Mervyn Hill Barnum, chief of staff to the John T. Brown southern department commander, that no information has come from Washington regarding the abandonment of Deming as the location of the camp.

"The report is not correct, so far as I know," said Col. Barnum.

The discontinuance of sending participants to Camp Cody and the story that there was a lack of water at Deming, were regarded as rumors for the rumored abandonment of Deming as a training place.

San Antonio citizens stand ready to invite the department to send the troops to this city, it was said.

LIEUT. COL. RHOADS TO LEAVE

Lieut. Col. Thos. L. Rhoads, of the medical corps at Fort Bliss, who has been commanding the base hospital for the past three months, will leave shortly for Camp Meade, Annapolis Junction, Md., to be directed surgeon there.

GERMANS FREE TWO AMERICANS

Men Held in Belgium Are Released on Representations From U. S.

Washington, D. C., Aug. 21.—Persistent efforts of the state department to secure the release from Belgium of two Americans, E. C. Claxton, of the Western Electric company, and Whipple, of the Bell Telephone company, have been successful, according to a report to the department today, from The Hague.

The men have arrived there from Antwerp, where they have been detained by Germans since the first days of the war between the United States and Germany. Their case was similar to many others, the German government refusing to issue passports, Germany never replied to the representations, but information received by the department indicated that almost all Americans other than those of German birth or ancestry had left the country.

Among those still in Germany, however, are many who are military service on the ground that Germany reserves their nationalization in the United States, as stated, and holds that they are German subjects. It also has developed that several of these men, who are in Germany, voluntarily consumed their obligations as native born Germans.

THREE GERMAN SUBJECTS HELD AS NORWAY SPIES

Christiania, Norway, Aug. 21.—Three German spies have been convicted at Bergen for supplying information to submarines regarding the sailing time of ships. One of the later were sentenced to death, and the other two to life imprisonment.

One of the spies, a German subject, was given a life sentence. The other two were given terms of five years. The German subjects were forced to obey orders from their own country.

INVENTORY IS BEING MADE OF NATION'S FOOD SUPPLIES

35,000 farmers, is today engaged in taking an inventory of the nation's food supplies. They are taking stock of the food they have on hand in the country and preserve closets, in the shelves and under the counter in warehouses, in barns and in barns and bins on the farm.

As soon as the returns from today's inventory are complete, they will be forwarded in Washington for tabulation. The results will be announced later.

Wants Fifti to Have Pullman Berth; Mean Ticket Man Says No

Many attractive requests and peculiar questions are asked of El Paso's men who serve the public over the railroad ticket agents' counters, but one of the queerest, which a ticket agent of many years' experience has heard of, occurred the other day when a woman asked for a ticket for her dog. He had been accustomed to stories about children's ages, and all the finicky appeals of the over fastidious traveler, but when the woman seriously asked him for dog transportation to Los Angeles he was surprised.

"My husband has always traveled with me before," urged the woman, "and he has served for Fifti, and has seen that the baggage car men treated her well, but I would much prefer having her in a berth and comfortable as my husband is not taking this trip."
